

FOLDING CLOSURES } ROLLER GRILLES } ROLLER SHUTTERS

## **Care and Maintenance of your Scotty Roller Shutter or Grille**

Providing these instructions are followed correctly your Scotty Doors will operate trouble free.

Do NOT use solvents to clean your door. We recommend washing your door with warm soapy water to remove dust.

Do NOT apply any grease or petroleum based lubricants to the door guides, the nylon end locks are designed to ensure that the door runs smoothly. Grease will only collect dust and grit, etc.

**ALWAYS CONTROL THE OPERATION OF THE DOOR THROUGHOUT ITS ENTIRE TRAVEL - DO NOT THROW DOOR UP, USE THE DOOR HOOK PROVIDED.**

Failure to follow operational instructions voids warranty.

For any further technical advice please contact our Service Division 0800 760 687.

Scotty Doors provide scheduled service and maintenance contracts along with urgent repairs and replacements.
